

## Environmental Policy

**David Bratt & Sons (Haulage) Ltd.** is committed to formulating, implementing and maintaining a policy in accordance with the Environmental Protection Act 1990, for the continued protection of employees, the public, its neighbours and the environment by the control measures set out in the 'Aspects and Impact' section of this policy.

This statement will attempt to address the various activities where a possible risk to operatives or others may exist if control measures for environmental protection are not effectively managed and maintained.

The company has and shall continue to have a positive attitude toward everyone who takes an interest in our environmental work and performance. We welcome dialogue with our employees, customers and the public about possible hazards arising from our operations.

We will energy as efficiently as practically possible, thus demanding less from the environment. It is the aim of the company to do all in its power to limit any adverse effects to others or the environment which could arise as a result of the work it undertakes. To achieve these aims the co-operation of all employees is requested.

A copy of this policy will be made available to all employees by inclusion in the Employee's Health & Safety File.
